GREAT BATTLE!

Lasting Three Days at Manila== Gen. Green Victorious.

Spanish Loss 350 Killed and 900 Wounded And American Loss Only 59.

THE ENEMY MADE A SUNDAY SORTIE ON MALATE.

Manila, August 3, (delayed in transmission.)—(Special.)—On the night of July 31 the Spaniards made a sortie from Manila city on the posts and trenches of Camp Dewey, near Malate, Gen. Green, commanding, directing their attack at the right flank held by the Tenth Pennsylvania.

Ten Americans were killed on the picket lines and in the trenches, and 44 wounded.

The dead are:

K. O. MORRIS, 1st Calif. Vol.
W. E. BROWN, Co. D., 10th Pa.
WILL BURTON, 10th Pa.
H. STILDWAGON, 10th Pa.
JAS. THULL, Jr., Co. E., 10th Pa.

L. DAWSON, Battery K., 3rd Art.
J. A. MILLEROTH, Battery H., 3rd Art.
Among the wounded are Capt. Richter, 1st Cal.; Capt. Hobbs, 3rd Art.; and Chas. Winfield.

The British Admiral reports the Spanish loss 350 killed and 900 wounded.

Malate is half way between Cavite and Manila.

Gen. Green's force numbers 4,000 and his trenches extend from the beach, 300 yards to the left flank of the insurgents.

Sunday was the insurgent feast day, and their left flank withdrew, leaving the American right exposed.

Companies A. and E. of the 10th Pennsylvania and a battery were ordered to reinforce the right flank in a raging typhoon.

The enemy's strength was estimated at 3,000 men.

HOW IT WAS DONE.

They attempted to surprise the camp. The pickets were driven in and the trenches assaulted.

The Pennsylvanians stood their ground and the 1st California with two companies of the 3rd Artillery with rifles reinforced them, and never was the discipline of the regulars better demonstrated than by the work of the 3rd Artillery, under Capt. O'Hara. Nothing could be seen but the flashes of Mauser rifles.

The Spaniards were put to flight and driven back to the city. The American dead were buried in the convent at Maracaban.

On the night of August 1st the fighting was renewed, the enemy attacking with long range heavy artillery.

The Utah battery replied and the artillery duel lasted an

hour. One man was killed—Fred Springster, 1st Cavalry. Two were wounded.

On August 2 the artillery duel was renewed and two men badly wounded and two are reported dead.

The total dead is 13 and 10 are in the hospital mortally hurt.

Peace Talk at Madrid.

Sigsbee's New Job

Washington, Aug. 9.—(Special.)—Capt. C. D. Sigsbee, formerly commander of the battleship Maine, has been assigned to the battleship Texas, the time for the retirement of Capt. Phillip being at hand. The St. Paul, which Capt. Sigsbee has commanded during the war, will be returned to the American line, as will the St. Louis. Capt. Goodrich, of the St. Louis, will be assigned to the protected cruiser Newark.

Bad Report That the

Colon May Be Lost.

Playa del Este, Cuba, Monday.—(Special.)—The Merritt & Chapman wrecking steamer Potomac has arrived at the scene of the battle of July 3, and has visited the Cristobal Colon. The wreckers report her to be in a very bad situation, and they fear it is impossible to save her. The Maria Teresa has not yet been floated.

Mr. Ed Curtis is carrying his arm in a sling as the result of an accident that dislocated his shoulder blade. He was thrown out of a buggy a day or two ago.

BAMBERGER'S DUTCH LUNCH

Interesting Social Event On the Program For This Evening.

Mr. W. L. Bamberger will give a "Dutch Lunch" at the residence of Mr. Max J. Monoye this evening, in honor of the visitors in the city.

A LIVELY MARKET.

No Fine Tobacco Offered, But Low Leaf Brings Good Prices.

The tobacco market today showed much activity and a considerable quantity of the weed went off at fair prices. The offerings consisted almost entirely of low leaf and lugs, but prices obtained were very satisfactory. The number of rejections was small. The sales to-morrow will be much larger than those of today. Notwithstanding the rain the attendance at the sales was large.

T. J. Munford was elected Register in Montgomery county by only one vote over W. J. Crozier in a poll of nearly 3000. There is talk of a contest.

INSTANT DEATH

Came Without Warning to a Young Man.

Killed By a Falling Log While Helping to Raise a Barn.

Death came with terrible suddenness to a young son of J. C. Weddington, near Pon, six miles north of town, yesterday evening. He was instantly killed by a blow from a heavy barn-log that struck him on the head. He was assisting in the work of raising a barn on his father's farm and one of the logs was being lifted into place by the workmen, when one end slipped and it fell with crushing force upon the unfortunate young man. He was hit on the head and instantly killed.

He was a worthy, industrious young man about 26 years old and lived with his father, who moved from the Church Hill neighborhood about three years ago.

The funeral services were held to-day by Eld. T. D. Moore, of this city. Interment in the vicinity of Pon.

WHEAT NOT ALL THRESHED.

About Ten Per Cent. Still Remains in the Shocks.

The rainy spell this week finds about ten per cent. of the wheat crop still unthreshed. A few of the largest growers have out a part of their crops, preferring to wait after the rain ceased until the grain was thoroughly dry and the weather again became unfavorable before they could finish. The damage so far has proven to be small and careful attention to the crop in the field will prevent any serious loss, even with another prolonged rainy spell.

DIDN'T WAIT LONG

For a Chance to go to the Front.

Letters received here from some of the colored recruits who were sent to Ft. McPherson last week say they were put through another examination and all of the best men physically were at once started to New York. They did not know the object of this, but the 8th Illinois Colored Regiment was due to leave New York for Santiago yesterday and it may have been the intention of the government to send these recruits for the 10th cavalry on the same ship to Santiago.

MR. AND MRS. COHEN

Entertained in a Most Delightfully Pleasant Manner.

Mr. and Mrs. Morris Cohen entertained last night in honor of their guest Miss Glick. The affair was attended by the numerous visitors in the city who have enlivened local Hebrew society so greatly during the last year or more. It proved to be one of the pleasantest of the many pleasant entertainments this month.

Jack Mason Held Over.

The examining trial of Jack Mason, col., charged with trespass, was held this morning before Judge Canaler. Defendant was held over until the grand jury meets. Another warrant charging assault, will be heard next Monday.

Vaccination.

Under the rules of the Board of Trustees of the public schools all children enrolled in the schools must present satisfactory evidence of vaccination. The order of the board does not call for a re-vaccination of children who have been vaccinated.

PROCLAMATION.

Blanco is Preparing to Descend From His Lofty Elevation.

Becoming Fleek as Moses and is Surprising the Cubans With Kind Treatment.

New York, Aug. 9.—(Special.)—According to advices received from Havana by the Cuban Junta, Capt. Gen. Blanco appreciates the fact that he must soon withdraw himself and his forces from the Island of Cuba. He assumed a mildness of demeanor which compares strangely with his previous bombastic attitude and frequently expressed determination to hold out in Havana to the death, and he is treating the insurgents with great consideration. In a recent procla-

CAPTAIN GENERAL BLANCO.

mation he made known to the Spanish people of Cuba that Spain, through the intervention of foreign powers, had been forced to the disgraceful issue of suing for peace, and that there would be no more war and no further use for soldiers. He offered a pardon to all Cuban political prisoners, and more than 150 were released in Havana. Capt. Gen. Blanco assures the soldiers and all Spanish residents who wish to return to Spain or go to other Spanish possessions that they will get free transportation, given by their mother country, to their destination, and will be protected from interference on the part of either the Cubans or Americans. He suggests that the Cubans be forgiven and no longer regarded as enemies, and that no unkind feelings be cherished.

Surrendered to the Authorities.

Cudiz, Ky., Aug. 9.—(Special.)—At the last term of the Trigg County Circuit Court John Dickinson, col., was fined \$25 for striking a minor. Dickinson lives in the Canton district and has since been in hiding. On yesterday he went to the home of Constable Davis Critmore and surrendered. Ten days ago Spain's answer was momentarily expected. It took Sagasta almost as long to let go as it took McKinley to take hold.

The 10,000 bottles of mineral water offered by Germany might relieve for a time the drought at Montauk Point when the army gets there.

Only two naval officers lost their lives as a result of the war—Capt. Gridley, at Manila, and Lieut. Bagley, at Carlenas. Bagley was the only one killed in battle.

There will be no water anywhere near the camp at Montauk, Long Island. The government must mistake the army for a political convention.

The Peace Commission will consist of five on each side and we may look out for some if not of our old friends Cannon, Weyler, De Loine, Bernabe and Blanco on Spanish side.

Spain's answer was translated from Spanish into French and from French into English before it reached the President. It should be examined very closely. In making change so often, we may have lost a few islands.

South Trimble has announced that he will not be a candidate for Speaker of the next House, but will devote all his energies to securing a capital appropriation. Morgan chin and Hennett Henderson are the probable candidates.

The announcement from Asheville that Brig. Gen. Jno. S. Poland died there yesterday did not go far enough. It should have explained who the General was. He was one of the army Colonels, recently promoted and was a veteran of Gettysburg.

The Democratic committee in Louisville has decided upon a delegate convention for August 29 to nominate a candidate for Congress. Capt. Jas. T. Williams and Dr. S. Atwood Smith are the only candidates so far, but there may be others.

Gen. Garcia's conduct seems to be a cause of considerable worry and bother in Cuba. It is even intimated that he will refuse to recognize peace with Spain unless the Cubans themselves are recognized. And since we are fighting to free the Cubans it does look like his point is well taken.

In a dispatch to the War Department Gen. Shafter expresses the opinion that his troops felt victims to the fever more easily on account of the exhaustion due to a severe campaign of twenty days, and that fresh troops sent to Santiago would for garrison duty suffer very little.

The defeat of Bailey in the Democratic convention of Texas, in his attempt to commit the party to a policy of opposing territorial expansion, will probably end that young gentleman's career as the Democratic leader in the House. Other candidates for Speaker will listen to get on the popular side.

A great many of our naval officers who were promoted when the navy was enlarged in order to command the auxiliary ships will be left with out commands when the vessels are returned to their owners. Capt. Sigbee, who commands the St. Paul, is one of the old officers left in the same class. An attempt was made to get him assigned to the Oregon, to succeed Capt. Clark, but this place was given to Capt. Barker.

We note that the boys who started off wrong on the question of "imperialism" are beginning to hedge and are willing to compromise on the "Western hemisphere" since Texas and Missouri have taken a stand. This position is about the proper thing. We have no need for Asiatic territory, except to use it to pay our war debts and Spain has happily concluded to quit before these have reached a troublesome figure.

THE GUSSIE SUNK.

(Grounded on the Rocks at the West End of Cuba.)

New York, Aug. 9. (Special.)—The steamer Andes, of the Atlas Line, which arrived Saturday from Port Limon, Costa Rica, reported that on August 2 the wreck of the steamer Gussie was seen on the Colorado banks, off the west coast of Cuba. The walking beam and paddle boats were about all that was visible.

The Gussie is a small side-wheel steamer, and has been used for several expeditions from Florida to Cuba. She left Key West for Santiago July 23 and arrived July 27. Quartermaster Humphries, at Santiago, was called several days ago from Washington for news as to her whereabouts. He replied that she was not at Santiago. Information today is to the effect that the Gussie is safe and sound.

THE ELECTION BOARDS.

The Commissioners to Meet This Week to Appoint Them.

Frankfort, Ky., Aug. 9. (Special.)—Much interest is manifested in the meeting of the State Board of Election Commissioners, to be held here one day this week. Prominent politicians of Louisville, Lexington and other places have been keeping the wires hot with messages asking that certain friends be placed on the board, and persons have come from all quarters for personal interviews with Chairman Pryor. It is safe to say that little encouragement has been given these seekers. It is said where factions have begun to fight the board semi-officially announced that it will go outside and get conservative men.

FRUIT HILL.

A Newsy Letter From North Christian.

Fruit Hill, Ky., Aug. 9. '98. EDITOR KENTUCKIAN:—As I have seen nothing for so long from this part of the county, I thought I would send you a short communication.

Crops of all kinds are fine, all we can ask. Corn was never more promising. Tobacco is somewhat mixed, some fine and some only medium. Wheat never was better. Hogs are plentiful—some few to sell. They have all been picked up. Milch cattle are very scarce. Only a few sheep—none to spare. We have all that is promising at present for a good living for the next year.

Mr. Editor, all we need now is a few more good, energetic men—good farmers. Men who will go to work and help develop all of our natural resources. We have the finest tobacco and grass land in the country. We have timber, water and stone—both fine and sand. Our educational facilities have become good. They have been much improved for the last few years, much to the credit of Miss McDaniel. The country has plenty of churches, and to consider all the advantages we now have that we did not have just a few years ago, we have a very desirable part of the country to live in. There are no people on earth who enjoy health any more than we do. We live long by temperance.

We had the pleasure of meeting your townsmen, Mr. J. W. Wicks, your active and business-like deputy collector, and exchanging a few pleasant jokes with him. He is a genial good fellow, and always welcome here. We have known him all his life and no man ever left Fruit Hill who left any more friends than he did. Come again, John.

Well, in the fear of this short letter finding its way to the waste basket, I will bring it to a close, and let you hear from me at more length next time. EXCHANGE.

A thing of beauty is a joy to the eye, but a thing of beauty is a joy to the eye, but a thing of beauty is a joy to the eye.

RELIABILITY.

Is a quality some newspapers have lost sight of in these days of "Yellow Journalism." They care little for the truth and a great deal for temporary sensation.

It is not with THE DISPATCH. The success of THE DISPATCH rests upon its reliability. It prints the news—all of the news—and tells the truth about it.

ITS WAR NEWS SERVICE. Can not be excelled. It is gathered by forty-two war correspondents and eight fast dispatch boats at the seat of war, and a married correspondent in every important city in the world.

The most critical period of the war will be during peace negotiations. Get the paper that tells the truth. Our Motto: If you see it in THE DISPATCH, it is true, and if it is not it is always IN THE DISPATCH.

THE DISPATCH news service is now furnished by the New York Sun, the Chicago Leader, the New York Tribune, the Boston Herald, the St. Louis Post-Dispatch, and the Cincinnati Enquirer.

We club with The Weekly Louisville Dispatch both papers one year for the low sum of \$2.00.

An Old Adage Reads:

"There is a place for every thing. Now for everything to be in its place the Louisville Dispatch should be in the home of every Democrat in the South. The Louisville Dispatch is the people's paper, owned by the people and for the people. The Louisville Dispatch is the only Democratic paper published in Louisville. It stands squarely on the Chicago platform. It is not only in a flourishing condition after eighteen months' battling against adverse circumstances, but it is to the best news medium in the South. And its motto—if you see it in the Dispatch it's so; if it's so it's always in the Dispatch, has been fully verified during the American Spanish War, during which the Louisville Dispatch has been daily appearing.

The Dispatch news service is furnished by the New York Sun, the Chicago Leader, the New York Tribune, the Boston Herald, the St. Louis Post-Dispatch, and the Cincinnati Enquirer.

The Dispatch Kentucky's greatest paper. You should be a reader. For the next few weeks we will club with the Weekly Dispatch at the extremely low price \$2.00.

REPORTED FIGHT

Between Kentuckians at Newport News Last Week.

Frankfort, Ky., Aug. 9. (Special.)—A party of Kentuckians just returned here from Newport News, tell of a lively scrimmage that took place on Tuesday last between some of the First and Third regiments, which was kept out of the papers. It is said that some of the Legion boys attempted to cross the Third regiment lines and were called down by a sentry. They returned to camp and securing several friends went back. A fight followed and two Legion boys were stabbed with bayonets, one of them seriously.

The Ninth district Democrat Congressional convention will meet at Cincinnati to-morrow and will be largely attended. The Harrison county convention was held Saturday and the thirteen delegates chosen are not instructed. The contest will be a spirited one between Kehoe and Sharp. Kehoe, it is said, will get three votes from Harrison and Sharp probably ten.

The entire vote of the county would be just enough to nominate Kehoe.

Young Cattle More Plentiful.	
------------------------------	--

It is now more than two years since farmers began to realize that there was a marked shortage to beef cattle, and make efforts to restock, says the National Stockman. Throughout 1896 and 1897 comparatively few calves were marketed. Pastures were generally abundant, beef cattle sold well, and there was every inducement for farmers to increase the production of beef. In the Ohio Valley a good many yearlings were brought from Canada and some from Kentucky and Tennessee. All of these influences have tended, within the past two years, to replenish the beef stock on the farms, but, of course, it has been impossible in so short a time to overcome the losses caused by years of depression and drought. We may reasonably expect, however, that farmers will have more cattle to market during the coming two years than during the past two. Calves are being bred and kept, and it takes only two to two and one-half years for a calf to become beef. The yearlings are coming along, and there are more of them now than for several years.

Spain's reply was received at Washington last night, but was not made public in the morning papers. From Madrid it is reported that Cortes will have to be called together, just as our senate will have to be convened, to approve the final treaty.

Shafter reports ten deaths of Santiago, Sunday, of which five were from yellow fever.

THE BIRTH OF CHRIST.

Much Controversy Regarding the Beginning of the Christian Era.

The date of the birth of Christ, the beginning of the Christian era, has been a matter of controversy and even now may be considered as by no means settled, for equally reputable and reliable authorities are arrayed on each side. Some of the best scholars maintain that the birth of Christ occurred four years before the time at which it is supposed to have taken place, and that, consequently, this, the present year, is 1902, instead of 1898. One of the reasons for this belief is the fact that Luke mentions the birth of Christ occurring at the time when Augustus had ordered a general poll tax levied throughout the empire, the evangelist adding that this occurred when Cyrenius was governor of Syria. The allusion, however, is indefinite, for although the date of the edict is supposed to be known, there is no certainty that it was carried out at the same time throughout the empire. Cyrenius is supposed by some authorities to have been twice governor of Syria, the first time for four years, from B. C. 4 to the year 1 of our era, the second time assuming office in A. D. 6. The only census for taxing purposes mentioned by historians at that time took place, according to our present chronology, in A. D. 8 or 10, but to get round this difficulty the writers on the subject conjecture that the first census began B. C. 4 and that the second mentioned by secular historians was a completion or resumption of the first. The whole subject, however, has no little uncertainty, not to say mystery, about it, for the Christian era did not come into use even among ecclesiastics until the fashion was started by Dionysius Exiguus, a monk of Syria, who began to use it about A. D. 527. It was introduced into Italy near the close of that century, and into France 100 years later. It did not make its appearance in England until A. D. 680 and the practice of employing it in private correspondence did not become general in Europe until the fifteenth century. Considering the fact that with our lack of means of obtaining information as to the dates of events which occurred 500 years ago and the additional fact that there is even now much dispute as to dates removed by only a few centuries from our own, it is not strange that there should be some confusion with regard to the beginning of the Christian era—St. Louis Globe-Democrat.

CURE FOR OBESITY.

Harmless Method That Has Been Practiced for Years.

In the Maryland Medical Journal Cathell gives rules for the reduction of obesity which have been successful in his practice for many years. "Over-fatness" is commonly due, he says, to one of the following causes: Congenitally small lungs with a defective oxygenating capacity; eating excessively of all kinds of food; want of lung-expanding exercise; using alcoholic drinks to excess. Many of the drugs which have a known fat-reducing power exert an injurious action on the other tissues of the body, and if used persistently for any length of time or in efficient doses become dangerous to health. While the various obesity cures are so rigorous that few carry them out conscientiously, the treatment of the author is very simple:

The patient has only to drink after each meal a glass of artificial Kissingen water, to be found at drug stores and soda water fountains, and on the succeeding day a glass of artificial vichy water also half an hour after each meal. This is to be continued week after week until the patient comes down to a normal degree of stoutness, and the waters are then discontinued.

While taking the waters the person should keep a weekly record of his weight, always using the same scales and wearing the same clothing, and should also, for his own satisfaction, record his chest, waist and hip measurements. If the loss in weight exceeds two pounds a week, the amount of each water should be made smaller; and if the loss has not equaled two pounds a week a few tablespoonfuls of lemon juice should be added to each glass of Kissingen water to increase its acidity, and a teaspoonful of aromatic spirits of ammonia to the vichy to increase its alkalinity. The diet should be light and contain only small amounts of fat, starch, sugar and alcohol. Moderate outdoor exercise should be included in the day's programme.

The mode of action of these waters taken in the manner described is not clear, but their efficiency is too well established to admit of doubt.

Spanish Pleasantly.

At the patriotic bull fight in Seville held recently each bull bore the name of some American minister, which added a spice to the slaughter. Even when the biggest got his horns entangled in a horse's inside and thrust him over his head, the people did not applaud as usual. They could not cheer even a four-footed McKinley.

ESQ. M. D. DAVIE DEAD

One of the Best Known Men in the County.

A Victim of Malarial Fever at His Home Near Beverly—Aged Seventy-One Years.

Esq. Montgomery D. Davie died at his home near Beverly this morning at an early hour of malarial fever.
His death removes one of the ablest and most prominent men in the county, and one who has left his impress upon the history of his State.
M. D. Davie was born in Christian county, August 16, 1827, and was a son of Maj. Ambrose and Elizabeth Woodson Davie. His father was a native of North Carolina, of English descent, and his great-grandfather, Wm. Davie, came to America shortly before the revolution. Wm. Davie, his son and grandson were all soldiers of the revolution. Maj. Davie was a major in the war of 1812. In 1819 he came to this county, and settled near Beverly in 1823 on the farm where the subject of this sketch died. In his time he was one of the leading men of the county and was universally respected. He was sheriff from 1832 to 1836. His death occurred February 22, 1893.
Montgomery D. Davie was the younger of two children. He attended school in this county until sixteen, and then went to Yale College. After one year at Yale he went to Princeton, from which he graduated in 1848. He first embarked in the milling business in Clarksville, Tenn., with his brother, Winston J. Davie. He lost heavily in this venture when the war broke out and soon afterwards returned to this county and turned his attention to farming, which he made his life work.
Esq. Davie was married September 12, 1850 to Miss Cornelia Leavell to which union were born eleven children, viz:
Lewis L., Irving, Ambrose M., E. Sneed, Winston J., Cornelia Eugenia and Maude. Most of his children are still living and are residing in Kentucky, Arkansas and Florida.
Esq. Davie was long a justice of the peace and during the time he lived in Tennessee was a member of the Legislature. He was the first Grand Master of the State Grange of Kentucky when it was a flourishing body and attained wide distinction as a leader in the Farmers' Alliance. A life long Democrat, he went into the Populist party as one of its principal leaders in the State, but in 1890 returned to the Democratic party and had since affiliated with his former political associates.
Esq. Davie was a man of strong character and wielded a great influence not only in his county, but throughout the State.
His funeral services will be held tomorrow afternoon and his remains will sleep with those of his ancestors in the family burying ground on the Davie Homestead near Beverly.
PATRIOTISM AT DAWSON.
A Plan Flakes \$3,000 by Racing the News from Manila.
According to Herbert Buchanan, who has just returned to Helena, Mont., from Dawson City, "patriotism is not confined to the States. I well remember," he goes on, "how the news of Dewey's victory was received. The news was brought in by an enterprising fellow, who proceeded to make capital out of it. No one objected, for you don't expect to get anything in the Klondike without paying well for it. This fellow, with an eye to the main chance that did credit to his Yankee shrewdness, anticipated there would be a dearth of war news in Dawson, and by a special effort reached the camp before any one else had brought in the report of the battle of Manila. He brought with him a San Francisco paper which contained a full account of the great fight.
"As soon as he arrived this enterprising fellow gave out that there had been a great battle fought, and advertised that the news would be read in the Monte-

Carlo saloon that evening. He had secured the saloon, which was a new building, and the biggest in the camp.
"Well, to make the story short, he charged an admittance fee of \$2.50, and he had the hall fairly packed, I suppose, there were fully 800 persons there. They heard the story of Dewey's success read from an improvised platform in one end of the building. Not one of them complained that he had not got the worth of his money. The enthusiasm was immense."

GUTHRIE FAIR

The directors of the Guthrie Fair Association met at the bank of Guthrie Tuesday and decided upon Oct. 19 to 22 as the date for the opening of their fair grounds and race course.
Guthrie has the only mile track in Southern Kentucky, and her railroad facilities are such that we are easy of egress and ingress to the outside world. Add to the above fact that \$5,000 in purses and premiums will be offered as an inducement to attract horsemen, and it will at once be seen that our approaching fair will be second to none in the State. Cut rates will be secured on all railroads and ample preparations will be made to accommodate the large crowd that is expected.—Guthrie Courier.
Will Return to Hopkinsville.
Mr. John T. Walter left this morning for Hopkinsville, Sunday morning's Madisonville Hustler, where he goes to accept a lucrative position with Dagg & Richards. He has been a citizen of Madisonville for several years, where he has been in the Racket Store. He is so well and favorably known to the people of this city and the people of the country that we feel that he needs no endorsement from us. He is noted for his morality, his industry and his honesty. There is no doubt that he will do well in his new enterprise. He carries with him the very best wishes of every citizen of this place.

Wm. Davie, his son and grandson were all soldiers of the revolution. Maj. Davie was a major in the war of 1812. In 1819 he came to this county, and settled near Beverly in 1823 on the farm where the subject of this sketch died. In his time he was one of the leading men of the county and was universally respected. He was sheriff from 1832 to 1836. His death occurred February 22, 1893.

Montgomery D. Davie was the younger of two children. He attended school in this county until sixteen, and then went to Yale College. After one year at Yale he went to Princeton, from which he graduated in 1848. He first embarked in the milling business in Clarksville, Tenn., with his brother, Winston J. Davie. He lost heavily in this venture when the war broke out and soon afterwards returned to this county and turned his attention to farming, which he made his life work.

Esq. Davie was married September 12, 1850 to Miss Cornelia Leavelle to which union were born eleven children, viz.: Lewis L., Irving, Ambrose M., E. Sneed, Winston J., Cornelia, Eugenia and Maude. Most of his children are still living and are residing in Kentucky, Arkansas and Florida.

Esq. Davie was long a justice of the peace and during the time he lived in Tennessee was a member of the Legislature. He was the first Grand Master of the State Grange of Kentucky when it was a flourishing body and attained wide distinction as a leader in the Farmers' Alliance. A life long Democrat, he went into the Populist party as one of its principal leaders in the State, but in 1896 returned to the Democratic party and had since affiliated with his former political associates.

Esq. Davie was a man of strong character and wielded a great influence not only in his county, but throughout the State.

His funeral services will be held tomorrow afternoon and his remains will sleep with those of his ancestors in the family burying ground on the Davie homestead near Beverly.

Carlo saloon that evening. He had secured the saloon, which was a new building, and the biggest in the camp.

"Well, to make the story short, he charged an admittance fee of \$2.50, and he had the hall fairly packed. I suppose there were fully 800 persons there. They heard the story of Davie's success read from an improvised platform in one end of the building. Not one of them complained that he had not got the worth of his money. The enthusiasm was immense."

GUTHRIE FAIR

The directors of the Guthrie Fair Association met at the bank of Guthrie Tuesday and decided upon Oct. 19 to 22 as the date for the opening of their fair grounds and race course.

Guthrie has the only mile track in Southern Kentucky, and her railroad facilities are such that we are easy of egress and ingress to the outside world. Add to the above fact that \$5,000 in purses and premiums will be offered as an inducement to attract horsemen, and it will at once be seen that our approaching fair will be second to none in the State. Cut rates will be secured on all railroads and ample preparations will be made to accommodate the large crowd that is expected.—Guthrie Courier.

Will Return to Hopkinsville.

Mr. John T. Waller left this morning for Hopkinsville, says Monday's Madisonville Hustler, where he goes to accept a lucrative position with Dagg & Richards. He has been a citizen of Madisonville for several years, where he has been in the Racket Store. He is so well and favorably known to the people of this city and the people of the country that we feel that he needs no endorsement from us. He is noted for his morality, his industry and his honesty. There is no doubt that he will do well in his new enterprise. He carries with him the very best wishes of every citizen of this place.
